Key words: Abc, Abc, Abc, Abc

ABSTRACT

Welcome to ICoME, International Conference for Media in Education. ICoME is an international academic society on Media in Education under collaboration with researchers in Japan, Korea, China and the USA. The promotion of Educational Media Research, as well as highly-developed educational methods and educational systems, ICoMe gather together once a year to exchange respective findings and discuss deeply for future development. The Paper should be related to Media in Education and is original in its research methods and results.

Abstracts should be approximately 400 characters long. However, if there is a shortage, you can use up to two pages. Round table presenters are required to submit abstract only, though you can use headings like INTRODUCTION, RESEARCH DESIGN&METHODS, RESULTS to show your research easier to understand.

Please refer to the APA style when you list up references. List the names of the authors in alphabetical order at the end of the manuscript. Capitalize the author's last name whether it appears first (e.g. KUROKAMI, H.) or last (H. KUROKAMI). Citations within the text should follow the following format. (i.e.) Kurokami (2008) reports... or ...was indicated. (Kurokami 2008b). When listing Japanese/Korean/Chinese/or others which is not English books or articles, write the romanized titles if they exist.
